K-FLACHDUESE LAERMARME UN

Low-noise flat nozzles, 1/2 - 27 UNS connection

Caratteristiche

Materiale	Ottone nichelato

Nota

For noise, air consumption and blowing force values, see diagrams 1-17 in the technical information.

Descrizione

If correctly designed, these noise-reducing nozzles guarantee a lower noise level than conventional one-hole types with an identical blowing force. They are usually fitted with a noise-reducing plastic insert and they are recommended by the German BGIA (Institute for Occupational Safety and Health).
