

# K-TR PVC SPEZIAL

Special PVC pneumatic hose

**HANSA FLEX**

## Свойства

|                     |                                    |
|---------------------|------------------------------------|
| работна температура | -10 °C до +60 °C                   |
| Цвят                | син                                |
| Материал            | PVC with integrated special fabric |
| дължина на ролката  | 50 m                               |

## Указание

Други данни при запитване.

## Описание

Flexible, high-quality, PVC hose with a smooth inner layer and braiding made of special impregnated fabric, suitable for high pressures. Largely resistant to salt solutions, diluted acids and alkaline solutions, greases and mineral oils.
