

Свойства

Конструкция	почиствач
Скорост при плъзгане max.	4,0 m/s
Температура min.	-40 °C
Температура max.	110 °C
Течности	минерално масло
Монтаж	деформирайте почиствача под формата на бърбек и го притиснете в поемация жлеб
Приложение	For the usage at higher pollution, for e.g.: Mining foundries
Материал	PU 93° Shore A
