

# G VKS ST 250

Vierkantflansch, Cetop, Vorschweißbund

**HANSA****FLEX**

## Eigenschaften

|            |                          |
|------------|--------------------------|
| Bauart     | Vierkantflansch Cetop    |
| Bauform    | gerade                   |
| Norm       | CETOP RP 63H<br>ISO 6164 |
| Werkstoff  | S355J2G3                 |
| Oberfläche | schwarz geölt            |
