# V-LL / V-HL / V-HS

### Fitting

#### Properties

| operaee         |                                        |  |  |  |
|-----------------|----------------------------------------|--|--|--|
| Connection 1    | metric cylindrical outer thread        |  |  |  |
| Sealing form 1  | 24° inner cone                         |  |  |  |
| Connection 2    | metric cylindrical outer thread        |  |  |  |
| Sealing form 2  | 24° inner cone                         |  |  |  |
| Design          | Fitting                                |  |  |  |
| Construction    | straight                               |  |  |  |
| Standard        | ISO 8434-1                             |  |  |  |
| Scope of supply | Socket with union nut and cutting ring |  |  |  |
| Material        | Steel                                  |  |  |  |
| Surface         | electro galvanised                     |  |  |  |

#### Note

Information about fitting, installation, pressure loads and permissible operating temperatures can be found in the technical information for pipe fittings.
