

**Properties**

Design	Cutting ring
Construction type	French series
Material	Steel
Surface	electro galvanised

**Note**

Information about fitting, installation, pressure loads and permissible operating temperatures can be found in the technical information for pipe fittings.

**Item**

Identification	Operating pressure	Ø d2 (mm)	L1 (mm)
<b>SRD 13</b>	PN 400	13,25	10,0
<b>SRD 17</b>	PN 400	16,75	10,0
<b>SRD 21</b>	PN 250	21,25	10,0
<b>SRD 27</b>	PN 250	26,75	10,5
<b>SRD 33</b>	PN 160	33,50	10,5

Series: LL = Very light L = Light S = Heavy – PN = Nominal pressure PB = Max. operating pressure – Ø d2 = External pipe diameter
