Properties

| Connection 1 | metric cylindrical outer thread |
| :--- | :--- |
| Sealing form 1 | Shape E |
| Connection 2 | metric cylindrical outer thread |
| Sealing form 2 | $24^{\circ}$ inner cone |
| Design | Rotary fitting (screw-in connector) |
| Construction type | Friction bearing |
| Construction | Angle $90^{\circ}$ |
| Scope of supply | Socket (without union nut and cutting ring) |
| Material | Steel |
| Surface | electro galvanised |

## Note

Information about fitting, installation, pressure loads and permissible operating temperatures can be found in the technical information for pipe fittings.
