

### Properties

|                    |  |
|--------------------|--|
| Connection 1 + 2   | metric cylindrical outer thread        |
| Sealing form 1 + 2 | 24° inner cone                         |
| Design             | Bulkhead fitting                       |
| Construction       | Angle 90°                              |
| Standard           | DIN 2353<br>ISO 8434-1                 |
| Scope of supply    | Socket with union nut and cutting ring |
| Material           | Brass                                  |

### Note

Information about fitting, installation, pressure loads and permissible operating temperatures can be found in the technical information for pipe fittings.
