FBS

Silicate fabric heat protection hose

Properties

Application	Foundries, steelworks, glassworks, shipyards etc.
Properties	excellent resistance to liquid metals, flying sparks, dross, resistant against oils, greases and solvents
Application	as contact protection for hot and cold hoses for protection in the high temperature range also particularly against liquid metals and splashed metal in the iron industry
Colour	bluish
Temp. min.	-25 °C
Temp. max.	750 °C
Material	Calcium silicate fibres

Description

Abrasion resistant and tear proof insulating fabric, asbestos free, loss on ignition approx. 2 %, good insulating properties due to low heat storage

Item

Identification	Internal Ø (mm)
