

Properties			
Application	General application, e.g. in industry, construction machinery, agricultural technology etc.		
Connection 1	NPT internal thread		
Sealing form 1	thread seal		
Residual pressure:	Coupling under residual pressure is possible		
compatible with	Pioneer		
Additional feature	with ball valve		
Material	High resistance special steel		
Surface	galvanised, white chromised		

Description

Screw couplings are designed for high pressures and pressure pulses.

Ordering information

Other pressure and temperature figures available on request.

Additional information

The robust construction makes them ideal for use in harsh conditions.

Item							
Identification	Size	DN*	Connecting thread	Operating pressure	SF coup.*	Mineral oil temp. min.	Mineral oil temp. max.
