

### Properties

Application	General application, e.g. in industry, construction machinery, agricultural technology etc.
Connection 1	NPT internal thread
Sealing form 1	thread seal
Residual pressure:	Coupling under residual pressure is possible
compatible with	Pioneer
Additional feature	with plug valve
Material	Steel
Surface	electro galvanised

### Description

Screw couplings are designed for high pressures and pressure pulses.

### Additional information

If fitted correctly, the screw sleeve completely covers the brake ring.  
The robust construction makes them ideal for use in harsh conditions.
