

Properties				
Application	Industry and automotive engineering			
Design	Snap-tite series 78			
Connection 1	BSP cylindrical internal threads			
Sealing form 1	for screw-in pins with shapes A, B and if necessary E			
Residual pressure:	Coupling under residual pressure is possible			
Additional feature	with wing nut			
Material	Brass			

Description

Screw couplings are designed for high pressures and pressure pulses.

Additional information

SKL 25 IR F SN78 25

The robust construction makes them ideal for use in harsh conditions.
