

Properties				
Special features	highly flexible and sturdy free from LABS, separating agents and grease low flow resistance			
Inner layer	black, porous, smooth EPDM lining			
Insert	synthetic threads			
Outer layer	EPDM resistant to ozone and UV radiation			
Colour	black			
Temp. min.	-40 °C			
Temp. max.	95 °C			
Temp. range	Temperature peaks up to 110°C			
Media	Water			

Note

Working pressure is relative to room temperature
