

Properties  Application for mortar, concrete, screed supply on pumps, sprayers and plastering machines  Connection 1 Hose connection  Connection 2 Coupling male connection  Special features TÜV tested  Media Mortar, concrete, screed  Material Steel Malleable cast iron  Surface electro galvanised						
sprayers and plastering machines  Connection 1 Hose connection  Connection 2 Coupling male connection  Special features TÜV tested  Media Mortar, concrete, screed  Material Steel Malleable cast iron	Properties					
Connection 2 Coupling male connection  Special features TÜV tested  Media Mortar, concrete, screed  Material Steel Malleable cast iron	Application	for mortar, concrete, screed supply on pumps, sprayers and plastering machines				
Special features TÜV tested  Media Mortar, concrete, screed  Material Steel Malleable cast iron	Connection 1	Hose connection				
Media Mortar, concrete, screed  Material Steel Malleable cast iron	Connection 2	Coupling male connection				
Material Steel Malleable cast iron	Special features	TÜV tested				
Malleable cast iron	Media	Mortar, concrete, screed				
Surface electro galvanised	Material					
	Surface	electro galvanised				

## Note

Type size 25 and MMIG10-MA have one lever, all other type sizes have 2 levers.

Note: Parts must only replaced with parts of the same type sizes!
