

Properties	
Application	General application, e.g. in industry, construction machinery, agricultural technology etc.
Connection 1	BSP cylindrical internal threads
Sealing form 1	for screw-in pins with shapes A, B and if necessary $\ensuremath{E}$
Residual pressure:	Coupling under residual pressure is possible
Material	Stainless steel

## Description

Screw couplings are designed for high pressures and pressure pulses.

## Ordering information

Other pressure and temperature figures available on request.

## Additional information

The robust construction makes them ideal for use in harsh conditions.
