

# K-LP DOS AL

Variable-control blow guns, aluminium

**HANSA FLEX**

## Properties

**Operating pressure** Max. 10 bar

**Working pressure** 2 to 6 bar

**Operating temperature** -10 °C to +50 °C

## Note

Further information on request

## Description

The blowing power is steplessly adjusted by the lever action and can be increased up to the maximum level. The blowing force can thus be individually controlled to cover a wide range of applications.
