Air pipe	Nickel-plated brass
Gun body	POM

Note

Further information on request

Description

Pressure regulating safety version. This gun is a more sophisticated version of our successful 38 Series! Ergonomic grip with a very high blowing force. Several possible hanging points thanks to the modified handle. Robust yet lightweight for a long service life. With its ergonomic design, the gun can be used by both left and right-handed users! The integrated tube regulator reduces the output pressure to a safe value in the event of blockage inside the tube or in case of back pressure (e.g. if the gun is placed on a surface or on the operator's skin).

Item

Identification	Connection
K- 07 10 03 42	Stem, I.D. 6
K- 07 10 03 43	Stem, I.D. 9
K- 07 10 03 44	Stem, I.D. 13
K- 07 10 03 45	connection nipples for coupling NW 7,2 - 7,8
