

# K-DLV MULTI-LINK SCHNELLVER

Compressed air distributor, type »Multi-Link« quick disconnect safety couplings DN 7.6

**HANSA****FLEX**

## Properties

|                    |                                     |
|--------------------|-------------------------------------|
| Operating pressure | Max. 16 bar                         |
| Temp. range        | -20 °C to +80 °C                    |
| Material           | Galvanised steel / brass            |
| Connection         | G 1/2 female                        |
| Media              | Compressed air, non-corrosive gases |
| Sealant            | NBR                                 |

## Note

Further information on request

## Description

Modular distributor system for flexible workplace design, can be rotated 180°. Equipped for 1 to 5 bleed units:

- DN 7.6 quick disconnect safety couplings.

## Item

| Identification | Connection              | Bleed units |
|----------------|-------------------------|-------------|
| K-07 35 13 70  | Safety couplings DN 7.6 | 1           |
| K-07 35 13 73  | Safety couplings DN 7.6 | 2           |
| K-07 35 13 76  | Safety couplings DN 7.6 | 3           |
| K-07 35 13 79  | Safety couplings DN 7.6 | 4           |
| K-07 35 13 82  | Safety couplings DN 7.6 | 5           |
