K-DURCHGANGSVERTEILERDOSE

Through porting box with through-hole thread, PN 15

Properties			
Operating pressure	Max. 15 bar		
torque mounting hole	4 Nm		
torque brass thread	12 Nm		
Temp. range	-10 °C to +50 °C		
Housing	Glass fibre-reinforced plastic		
Thread	Brass		

Note

Further information on request

Description

1, 2 or 3-way porting boxes made of high-strength glass fibre-reinforced plastic for a wide range of applications. Available with up to 3 couplings and 2 inlet thread sizes. Optional through-hole thread at the bottom to facilitate the passage of the medium. All porting boxes have a robust, brass threaded insert for high tightening torques, TÜV certified. Suitable for almost any pneumatic application.
