K-SPIR SCHL KUPPL SET LKM NW 7,4

Spiral hose and coupling kit with pushbutton-type safety coupling (DN 7.4) and push-in plug, galvanised steel

Properties
Pneumatic Type with pushbutton safety coupling NW 7,4 steel nipple galvanised

Operating temperature -40 °C to +74 °C

Note

Further information on request

Description

Standard type or with braided reinforcements for high pressures. These exceptionally elastic polyurethane hoses boast a recoil force similar to that of conventional nylon spiral hose, but with less tendency to loop and significantly better resistance to abrasion. There is consequently less danger of scratching coated or sensitive surfaces. The hose is extremely flexible and non-kinking.

Not suitable for striking or pulsating tools!
