

Properties

Design	Hardened valvehead hard chrome-plated pistons spring return
Operating pressure	max. 700 bar
Material	Aluminium
Surface	anodised
Scope of supply	with female quick coupling 3/8"-18 NPT

Note

Attention: Please observe separate safety precautions for working with 700 bar equipment (see technical information)!

Description

Hollow piston cylinders are employed for pushing and pulling actuation.

Very low weight (-40% of a comparable steel cylinder)

Thread on cylinder housing ensures simple mounting

Plunger wiper seals to prevent soiling

Replaceable supporting head

Not suitable for long-term applications with high repetition frequencies.
