

# K-W TUE VB PP

Union elbows

**HANSA FLEX**

## Características

|                           |                    |
|---------------------------|--------------------|
| Presión de funcionamiento | on request         |
| Temperatura de servicio   | Max. +20 °C        |
| Material                  | Polypropylene (PP) |
| Material obturador        | NBR                |

## Nota

Otras especificaciones a petición.

## Descripción

Lightweight, push-in fittings distinguished by high strength, toughness, resistance to abrasion and impact resistance - ideal for a wide range of applications. Plastic and metal tubes are connected together quickly and easily. Suitable for compressed air or liquids, with good resistance to a large number of chemicals.
