

# K-W90 DRV AS-FS

Speed controllers, 90°, connection plug, with built-in indicator

**HANSA FLEX**

## Características

|                                |                                                                                                                     |
|--------------------------------|---------------------------------------------------------------------------------------------------------------------|
| presión de servicio máx.       | 1 MPa                                                                                                               |
| Presión mín. de servicio       | 0.10 MPa                                                                                                            |
| Salidas                        | 1                                                                                                                   |
| No de líneas de alim.          | 1                                                                                                                   |
| Orientación ventana indicadora | 0°                                                                                                                  |
| Color de botón gir.            | Blue                                                                                                                |
| Presión de prueba              | 1,50 MPa                                                                                                            |
| Control                        | Flow governing                                                                                                      |
| Temper. de medios              | -5 °C to +60 °C (ohne Gefrieren)                                                                                    |
| Temp. entorno                  | -5 °C bis +60 °C (no freezing)                                                                                      |
| Medios                         | aire comprimido                                                                                                     |
| Material del tubo flexible     | polyamid, soft polyamid, polyurethane, FEP, PFA                                                                     |
| Serie                          | AS-FS                                                                                                               |
| Otras especific.               | large rotary knob with push-lock latch<br>larger free space under the hose<br>Lockable rotary knob, numeric display |

## Artículo

| Denominación   | Tamaño constructivo | Conex. salida          | Conex. alimentación | Versión                   | Giros de aguja | Peso por m (kg) |
|----------------|---------------------|------------------------|---------------------|---------------------------|----------------|-----------------|
