

K-PUR-BREMSSPIRALE

PUR brake coil with connection

HANSA FLEX

Omadused

| | |
|-------------------------|---|
| Ühendus 1 + 2 | M-keere välis, silindriline |
| Tavaline | tested in accordance with DIN 74323 DIN 74324 ISO 7268-2 ISO 7375-2 DIN 73378 DIN 74310-2 |
| Luba | German Technical Surveyance Association (TÜV)- type approved (Certificate R 9910199) |
| Temperatuur min. | -40 °C |
| Temperatuur max. | 90 °C |
| Materjal | PUR |

Lisateave

- will not break at fittings
- excellent antikink characteristics – kinking leaves no defects
- longer operation length
- highly resistant to tearing off at fittings
- excellent springback characteristics
- unplasticized so no embrittlement
- resistant to oil and grease
- resistant to UV and ozon
- service life many times longer than conventional coil tubing
