| Vooluvarustus  | From 4 to 20 mA loop of transmitter               |

## Vihje

Lisaandmed saate soovi korral.

## Kirjeldus

The digital plug-in display is freely programmable and easily mounted, and can therefore be retrofitted in a very short time without any problems, even if the transmitter is already in use. No external power supply is required. Suitable for all 4 to 20 mA transmitters with a right-angle connector. Freely programmable by means of keys inside the display.
