

K-TR POLY

Electrically conductive hose

HANSA FLEX

Omadused

Kasutusala	Electrical systems medical equipment robotics clean rooms in the semiconductor industry packaging machines powder coating machines
-------------------	---------------------------------------------------------------------------------------------------------------------------------------------------

Elektrilaengu maandamine Acc. to EIS Std. 541

Läbimistakistus spets.

Pealispinna takistus

Temperatuur -40 °C to +70 °C

Rulli pikkus 25 m

Vihje

Lisaandmed saate soovi korral.

Kirjeldus

Ether based polyurethane hose. The hose is conductive (insulating). We commend using antistatic tube fittings to connect it.
