## Vihje

G thread acc. to DIN EN ISO 228-1, with ISO flange plate (acc. to ISO 5211)  
Lisaandmed saate soovi korral.

## Tellimisinfo

For use on devices that have to be vented whenever they are turned off, either because of safety regulations or for technical reasons. The pneumatic devices are disconnected from the system and simultaneously vented each time they are shut off.

## Lisateave

The pressure values refer to a maximum operating temperature of 40 °C. Lower maximum pressure apply at higher temperatures. See data sheet.
