

# K-WTEH 3-TLG PC-BEHAEL SCHUTZK MULT

Service units, 3-piece with polycarbonate bowl and bowl guard

**HANSA FLEX**

## Caractéristiques

|                                          |                                                                |
|------------------------------------------|----------------------------------------------------------------|
| Pression d'entrée                        | Max. 16 bar (polycarbonate bowl), Max. 20 bar (metal bowl)     |
| Température de fluide                    | max. 60 °C                                                     |
| Température ambiante                     | Max. 60 °C                                                     |
| Largeur des pores de l'élément de filtre | 5 µm (BG 1 / BG 2), 40 µm (BG 3)                               |
| Matériau étanche                         | NBR                                                            |
| Logement de ressort                      | POM-brass                                                      |
| Boîtier                                  | Die-cast zinc, Aluminium for G 1 variant                       |
| Embout compte-goutte                     | PA (polycarbonate bowl), Zinc-glass-NBR (metal bowl)           |
| Drain valve                              | Semi-automatic                                                 |
| Mesure de la valeur du débit             | At P1 = 8 bar, P2 = 6 bar and pressure drop $\Delta p = 1$ bar |

## Remarque

Autres informations sur demande.

## Description

Three-piece service units consisting of a reversible diaphragm pressure regulator, independent of inlet pressure, with self-relieving design, centrifugal separator and proportional lubricator.

## Informations relatives à la commande

3-piece service units are also available in other control ranges (0.1 - 3 bar, 0.2 - 6 bar and 0.5 - 16 bar) and in lockable version. Please ask for more information.

## Informations supplémentaires

1500 l/min: P1: 10 bar, P2: 7 bar,  $\Delta p \leq 0.1$  bar.
