

# G HB

## Manicotto di collegamento

### Caratteristiche

|                                |                                |
|--------------------------------|--------------------------------|
| <b>Attacco 1</b>               | Filetto esterno BSP cilindrico |
| <b>Tenuta 1</b>                | Cono interno da 60°<br>Forma A |
| <b>Attacco 2</b>               | Filetto esterno BSP cilindrico |
| <b>Tenuta 2</b>                | Cono interno da 60°<br>Forma A |
| <b>Tipo</b>                    | Manicotto di collegamento      |
| <b>Forma costruttiva</b>       | diritto                        |
| <b>Materiale</b>               | Acciaio                        |
| <b>Protezione superficiale</b> | con rivestimento elettrolitico |

### Articolo

| Denominazione | G1           | G2           | SW<br>(mm) |
|---------------|--------------|--------------|------------|
