

INDU WAS SD

Flessibili di aspirazione e di pressione dell'acqua

HANSA FLEX

Caratteristiche

Campo di impiego	Sistemi di aspirazione e di pressione a bassa pressione Industria ed edilizia
Norma	ISO 1307
Strato interno	gomma naturale e sintetico
Inserzioni	Inserzione tessile sintetica altamente resistente allo strappo e spirale in acciaio
Strato esterno	gomma sintetica
Colore	nero
Temperatura min.	-25 °C
Temperatura max.	70 °C
Mezzi	Acqua

Articolo
