

# PRT M DN

Perrot savienojums, ligzda, ar šļūtenes savienojumu

**HANSA FLEX**

## Īpašības

|                     |  |
|---------------------|--|
| Savienojums 1       | Savienojuma ligzda                       |
| Bļivējuma veids 1   | Ar apaļa šķērsriezuma gredzena bļivējumu |
| Savienojums 2       | Šļūtenes savienojums                     |
| Materiāls           | Tērauds                                  |
| Virsmas aizsardzība | karstais cinkojums                       |

## Izstrādājums

| Apzīmējums       | Ekspluatācijas spiediens (bar) | Savienojuma izmērs (mm) | šļūtenes ID (mm) |
