

# K-ELEKTRO-KABELAUFROLL POLY

Electrical cable reel (polypropylene) easy mounting on the wall or ceiling

**HANSA FLEX**

## Īpašības

|                    |  |
|--------------------|--|
| Kabeļa veids       | HO5VV-F  |
| Strāvas stiprums   | Max. 10 A  |
| Savienojums        | SchuKo plug  |
| spriegumam         | 230 V, 50 Hz   |
| Jaudas patēriņš    | Max. 1000 W (fully wound), max. 2000 W (fully unwound) |
| Pagriešanas leņķis | 180°   |

## Norāde

Citi dati pieejami pēc pieprasījuma.

## Apraksts

High-quality, polypropylene housing. Includes a thermal circuit breaker. In case of overloading, a thermal overload protective circuit cuts off the electrical power supply automatically.

## Izstrādājums

| Apzīmējums     | A<br>(mm) | B<br>(mm) | Garums<br>(m) |
|----------------|-----------|-----------|---------------|
| K- 07 10 03 48 | 335,0     | 290,0     | 15            |
