Korpuss	Brass with a bare metal surface
Vārsta ieliktnis	chromium steel
Gumijas apvalks	EPDM

Norāde

Citi dati pieejami pēc pieprasījuma.

Apraksts

Ideal for cleaning in industry and manual trades. The thick rubber coating provides thermal insulation for the hot or cold water flowing inside as well as impact protection. The flow rate is controllable with the adjustment screw (using a coin). The steel shackle allows the lever to be latched for extended use. Also suitable for drinking water.
