

FI RL E HY

Filterelement voor retourfilter HY

HANSA FLEX

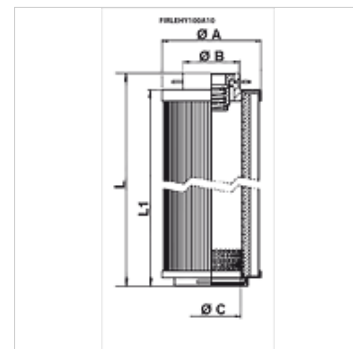

Eigenschappen

Temperatuur min. -25 °C

Temperatuur max. 120 °C

Materiaal Afdichting: NBR

Werkdruk max. 20 bar

Artikel

| Aanduiding | Filterfijnheid (μm) | Filteroppervlak (cm^2) | Filter materiaal | $\varnothing A$ (mm) | $\varnothing B$ (mm) | $\varnothing C$ (mm) | L (mm) | L1 (mm) | Gewicht (kg) |
|---------------------|-------------------------------------|--------------------------------------|------------------|-------------------------|-------------------------|-------------------------|-----------|------------|-----------------|
