Debiet	25 l/min (at 5 bar)
Behuizing	Brass with a bare metal surface
Ventieladapter	chromium steel
Rubbermantel	EPDM

Aanwijzing

Andere gegevens op aanvraag.

Beschrijving

Ideal for cleaning in industry and manual trades. The thick rubber coating provides thermal insulation for the hot or cold water flowing inside as well as impact protection. The flow rate is controllable with the adjustment screw (using a coin). The steel shackle allows the lever to be latched for extended use. Also suitable for drinking water.
