

K-PUR-BREMSSPIRALE

PUR brake coil with connection

HANSA FLEX

Właściwości

| | |
|-------------------------|---|
| Przyłącze 1 + 2 | metryczny gwint zewnętrzny cylindryczny |
| Norma | tested in accordance with DIN 74323 DIN 74324 ISO 7268-2 ISO 7375-2 DIN 73378 DIN 74310-2 |
| Dopuszczenie | German Technical Surveyance Association (TÜV)- type approved (Certificate R 9910199) |
| Temperatura min. | -40 °C |
| Temperatura max. | 90 °C |
| Materiał | PUR |

Dodatkowe informacje

- will not break at fittings
- excellent antikink characteristics – kinking leaves no defects
- longer operation length
- highly resistant to tearing off at fittings
- excellent springback characteristics
- unplasticized so no embrittlement
- resistant to oil and grease
- resistant to UV and ozon
- service life many times longer than conventional coil tubing

Artykuł

| Oznaczenie | G1 + G2 | Ø wewnętrzna (mm) | Ø zewnętrzna (mm) | Grubość ściany (mm) | Długość (m) | Kolor |
