

K-ZTR POLYURETHAN

Polyurethane DUO hoses

HANSA FLEX

Właściwości

Kolor	Blue / black
Temperatura	-35 °C to +60 °C

Wskazówka

Dalsze informacje na zapytanie.

Opis

Polyurethane hoses are renowned for their extreme flexibility and correspondingly narrow bending radius across a wide temperature range. They exhibit good abrasion resistance, very good low-temperature flexibility, only minimal permanent deformation when subjected to long-term stresses as well as good resistance to oils, greases, aliphatic hydrocarbons and oxygen. Suitable for vacuum.
