

NRS (15 mm)

Abraçadeira de suporte

Características

| | |
|-------------------------------|---|
| Campo de aplicação | para fixação de tubos, mangueiras e cabos |
| Tipo | Suporte de tubo |
| Complemento de tipo | com perfil de borracha |
| Norma | DIN 3016 |
| Material | Aço |
| Proteção de superfície | galvanizado |

Nota

O perfil de borracha amortece as vibrações e os golpes e evita arranhados.

Artigo

| Descrição | Ø mínimo (mm) | Largura da fita (mm) | Ø do furo (mm) |
|-----------|---------------|----------------------|----------------|
| NRS 05-15 | 5 | 15,0 | 6,4 |
