

K-T-VB PP

Union tees

HANSA FLEX

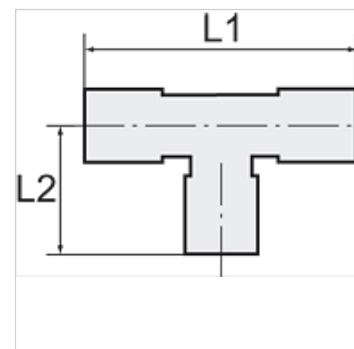

Características

Pressão de trabalho on request

Temperatura operacional Max. +20 °C

Material Polipropileno (PP)

Material de vedação NBR

Nota

Outras indicações a pedido.

Descrição

Lightweight, push-in fittings distinguished by high strength, toughness, resistance to abrasion and impact resistance - ideal for a wide range of applications. Plastic and metal tubes are connected together quickly and easily. Suitable for compressed air or liquids, with good resistance to a large number of chemicals.
