

### Características

|  |                                   |
|--|-----------------------------------|
| Pressão de entrada                       | Max. 10 bar                       |
| Faixa de temperatura                     | -10 °C to +50 °C                  |
| Fluidos                                  | Ar comprimido                     |
| Tipo de proteção                         | IP 65                             |
| Pressão de trabalho                      | 0.5 - 8 bar                       |
| Interruptor de pressão                   | Changeover contact                |
| Dimensão dos poros no elemento filtrante | 20 µm                             |
| Medição do valor de fluxo                | At 6,3 bar and $\Delta p = 1$ bar |

### Nota

Outras indicações a pedido.

### Descrição

Multifunctional service unit with 6 or 7 functions in a single device: 3/2-way valve (manually operated), filter with automatic drain valve, air ports, pressure regulator, pressure gauge, soft start valve and optional: pressure switch. This combination of extremely good flow rates and a wide range of functions integrated in a single, compact unit saves valuable space and is unmatched by any similar product available in the market! Soft starting independently of the load and easy replacement of the filter cartridge under pressure are just two of the other outstanding features of this amazing device.

### Instruções de encomenda

This unit can also be supplied with many other combinations of functions and port sizes. We will be pleased to make you an offer to match your individual specification on request!

### Artigo

| Descrição     | Conexão | Fluxo (L/min) | A (mm) | B        | C (mm) | Tensão                                   |
|---------------|---------|---------------|--------|----------|--------|--|
| K-07 25 13 82 | G 1/4   | 2400          | 165,5  | 144,0 mm | 35,0   | 24 V DC (for valves and pressure switch) |
| K-07 25 13 83 | G 3/8   | 3300          | 165,5  | 144,0 mm | 35,0   | 24 V DC (for valves and pressure switch) |
| K-07 25 13 84 | G 1/2   | 4000          | 165,5  | 144,0 mm | 35,0   | 24 V DC (for valves and pressure switch) |
