

# K-WERKST-SCHLAUCH SOFT O

Workshop hose soft, oil resistant

**HANSA FLEX**

## Características

|                     |                                |
|---------------------|--------------------------------|
| Camada interna      | Soft-PVC, red, oil resistant   |
| Reforço             | Trançado de poliéster          |
| Camada externa      | Soft-PVC, black, oil resistant |
| Temperatura         | -20 °C to +60 °C               |
| Comprimento do rolo | 50 m                           |

## Nota

Outras indicações a pedido.

## Descrição

Workshop hose to meet the most demanding requirements. Extremely flexible (even at low temperatures), good resistance to oil and chemicals, long service life and excellent resistance to mechanical stresses (deformation under pressure, bending cycles, pressure pulses).

## Artigo

| Descrição      | Ø interno da mangueira (mm) | Ø externo da mangueira (mm) | Max. working pressure resistance at 23°C (bar) | Raio de curvatura mín. (mm) |
