

### Свойства

|                    |                                     |
|--------------------|-------------------------------------|
| Соединение 1       | Наружная резьба BSP, цилиндрическая |
| Форма уплотнения 1 | Внутренний конус 60°<br>Форма А     |
| Соединение 2       | Наружная резьба BSP, цилиндрическая |
| Форма уплотнения 2 | Внутренний конус 60°<br>Форма А     |
| Модель             | Соединительный штуцер               |
| Конструкция        | прямые                              |
| Материал           | Сталь                               |
| Защита поверхности | Гальваническое покрытие             |

### Изделие

| Наименование  | G1           | G2           | SW<br>(mm) |
|---------------|--------------|--------------|------------|
| G HB 02       | G 1/8" -28   | G 1/8" -28   | 14         |
