K-WASSERSACKROHR U ANSCHLUSSZAPF

Siphons, U-shaped, with male connector on pressure tap side

Свойства				
Исполнение	толнение With male connector or welded connection on the pressure tap side			
Отбор давления	авления Horizontal (U-shaped), Vertical (circular)			
Стяжная муфта	Acc. to DIN 16283, AF 27			
Материал	риал Steel or Stainless steel

Описание

Suitable as a cooling section for liquids, gases or steam during pressure measurements. The use of a siphon permits the medium to cool down to a temperature that is compatible with the pressure gauge and protects the gauge against pulsating media. The condensate that forms in the siphon prevents the hot medium from entering the pressure gauge. We recommend filling the siphon with cooling sealing liquid prior to using the pipe.
