

# K-ZTR POLYURETHAN

Polyurethane DUO hoses

**HANSA FLEX**

## Свойства

|             |                  |
|-------------|------------------|
| Цвет        | Blue / black     |
| Температура | -35 °C to +60 °C |

## Указание

Прочие данные только по запросу.

## Описание

Polyurethane hoses are renowned for their extreme flexibility and correspondingly narrow bending radius across a wide temperature range. They exhibit good abrasion resistance, very good low-temperature flexibility, only minimal permanent deformation when subjected to long-term stresses as well as good resistance to oils, greases, aliphatic hydrocarbons and oxygen. Suitable for vacuum.
