

# K-WKV 3/2 SCHLS SCHNVERSCHR

3/2-way toggle valves, discharge port on thread, quick-lock screw fitting

**HANSA FLEX**

## Свойства

|   |   |
|---|---|
| Рабочее давление                          | макс. 8 бар                             |
| Область температур                        | 0 °C to +70 °C                          |
| Резьба на стороне распределительного щита | M 12 x 0.75 (sheet thickness max. 4 mm) |
| Внутренние детали                         | Brass with a bare metal surface         |
| Набивочный материал                       | Нитрильный каучук                       |
| Полый винт, поворотный рычаг, коромысло   | Nickel-plated brass                     |
| Уплотнения (неотделимые)                  | Polyamide (glass fibre-reinforced)      |

## Указание

Прочие данные только по запросу.

## Описание

Manually operated toggle valves, 2/2 and 3/2-way types. For all applications where compressed air must be switched on or off quickly and easily or a cylinder operated manually. Designed as a banjo-type valve with a hollow bolt and ring piece. Suitable for screwing directly into the equipment or for panel mounting. Compact type of construction, also ideal where space is restricted.
