

# K-DRUCKVERST MANO H SCHALLD W VBA

Booster Regulator, pressure gauge, elbow high-noise reduction silencer, VBA

**HANSA FLEX**

## Свойства

|   |   |
|---|---|
| Исполнение                                      | with pressure gauge and with high performance muffler, angled |
| мин. рабочее давление                           | 0.20 MPa  |
| Соединение для пневматического манометра        | Rc 1/8  |
| Количество соединений пневматических манометров | 2   |
| макс. входное давление                          | 0,1 to 1,0 MPa  |
| Температура среды                               | +2 °C to +50 °C   |
| Температура окружающей среды                    | +2 °C bis +50 °C  |
| Рабочие среды                                   | Сжатый воздух   |

## Описание

Booster regulator, series VBA, increases pressure only where the force is inadequate because of a low network pressure (energy saving measure), no electricity supply necessary, longer service life: doubled compared to conventional model, lower operating noise level: 13 dB (A), improved operational reliability from inbuilt mesh filter on (IN connection) compressed air inlet, reduced condensation levels: air exhaust channels integrated directly into the cylinder tube, suitable for: compressed air, size 1/4, with pressure gauge and silencer, elbow, pneumatic connection: G 1/4, pneumatic connection pressure gauge: G 1/8, pneumatic connections pressure gauge: 2, flow rate 230 l/min, pressure boost 1:2, manually actuated pressure adjustment mechanism, test pressure: 3 MPa, max. operating pressure: 2 MPa, min. operating pressure: 0.2 MPa, media temperature: +2 to +50 °C, ambient temperature: +2 to +50 °C

## Изделие

| Наименование   | Соединение пневматическое | Типоразмер | Механизм регулировки давления | Коэффициент усиления давления | Расход (L/min) | Макс. рабочее давление (MPa) |
|----------------|---------------------------|------------|-------------------------------|-------------------------------|----------------|------------------------------|
| K- 07 60 00 04 | G 1/4                     | 1/4        | manually operated             | 1:2                           | 230            | 3,00                         |
