

# K-ENDLAGEN-RUECKME ATEX N

End position feedback ATEX version

**HANSA FLEX**

## Vlastnosti

|                  |  |
|------------------|--|
| Napájanie        | Rated voltage 8 VDC                    |
| Výstupný prúd    | Damped 3 mA                            |
| Funkcia spínania | Damped or undamped in the end position |

## Výrobok

| Označenie      | Definícia   |
|----------------|---|
| K- 07 30 29 07 | End position feedback, version with inductive NAMUR sensors, ATEX |
