

K-VSTO PP

Plugs

Vlastnosti

Pracovný tlak	on request
Prevádzková teplota	Max. +20 °C
Materiál	Polypropylene (PP)
Tesniaci materiál	NBR

Poznámka

Ďalšie údaje na vyžiadanie.

Popis

Lightweight, push-in fittings distinguished by high strength, toughness, resistance to abrasion and impact resistance - ideal for a wide range of applications. Plastic and metal tubes are connected together quickly and easily. Suitable for compressed air or liquids, with good resistance to a large number of chemicals.
