

GMM 100

Manometer z glicerinskim polnjenjem

HANSA FLEX

Lastnosti

| | |
|---------------------|---|
| Način izdelave | Pipe spring pressure gauge with glycerine filling |
| Priključek 1 | zunanj navoj cilindrični BSP |
| Oblika tesnila 1 | plosko tesneče s čepom |
| Priključek | spodaj |
| Standard | EN 837-1 |
| Dušenje | z glicerinskim polnjenjem |
| območje temperatur: | maks. medij +60 °C Okolice -20 °C do +60 °C |

Navodilo

Območje uporabe ob statični obremenitvi: 3/4 obsega skale.

Območje uporabe pri dinamični obremenitvi: 2/3 obsega skale.
