

# FI BL GP

Filter ventilacije rezervoara

**HANSA FLEX**

## Osobine

|                  |                       |
|------------------|-----------------------|
| Verzija          | za uvijanje zavrtnjem |
| Temperatura min. | -30 °C                |
| Temperatura max. | 100 °C                |
| Materijal        | Kućište: poliamid     |
| Filter material  | organski              |

## Artikal

| Naziv            | Filterska jedinica (µm) | Zapremina vazduha (L/min) | B (mm) | C (mm) | G1     | Ø A (mm) | Težina (kg) |
|------------------|-------------------------|---------------------------|--------|--------|--------|----------|-------------|
| FI BL 046 G P10  | 10                      | 200                       | 53     | 40     | G 1/4" | 46,00    | 0,13        |
